

Georgia Vrioni MD, PhD

Department of Microbiology, Medical School,
National and Kapodistrian University of Athens, Athens, Greece

Georgia Vrioni is currently Professor in the Department of Microbiology at the Medical School, University of Athens, Greece. Her main fields of interest and research are molecular microbiology, antimicrobial resistance mechanisms in Gram negative bacteria and fungi, and detection and identification of fungal, bacterial and viral pathogens in clinical samples. She is the scientific supervisor: (a) Mycology Unit and (b) Quality Control Unit of Microbiological Analysis in Microbiology Department, Medical School, University of Athens (Head Prof. A. Tsakris). She has been member of the Organizing Committee of various Congresses, Workshops and Seminar. She has been invited speaker in Seminars, Congresses, Scientific Meetings, Symposia, Workshops and Courses. She has active participation in the Advisory Board of Hellenic Microbiology Society since 2007 and of the Hellenic Society of Medical Mycology since 2008. She has 92 full publications in SCI journals (pubMed, August 2022) with 1.924 citations covered by Scopus index, more than 300 abstracts presented in International and Hellenic Congresses and 72 full publications in Hellenic Scientific Journals.
